605 St. Mary

Thibodaux, LA

## Course Overview

This course is designed for adults who are interested in learning safe gun handling, self-protection (home and otherwise), and laws pertaining to self-protection in the state of Louisiana. The total time of the class is 9 hours including the practical application at the range. This course will also fit the prerequisite needed to apply for a concealed carry permit with the State of Louisiana. A written exam will be given at the end of the classroom teaching and a score of at least 80% must be obtained in order to move on to the Practical Shooting part. At least 36 rounds will be fired at the Range by each student with all shots placed on the target provided in order to pass the Practical Shooting Course. The extra rounds are for students who need extra practice before testing at the Range. At the completion of the course each student will be able to safely identify, load,, unload and operate a semi-automatic pistol and a revolver (with emphasis on his or her firearm).

## Required Items

- Note taking material ( pen or pencil, note pad)
- Safety Eye protection
- Closed toe shoes at the Shooting Range
